Name: Jie Mei   Student ID: 300364433

I am confirming that I have completed this lab completely based on the requirements and it is working and fully functional.

Screenshots:

```java
public class MainActivity extends AppCompatActivity {

    @Override
    protected void onCreate(Bundle savedInstanceState) {
        super.onCreate(savedInstanceState);
        setContentView(R.layout.activity_main);
    }

    1 usage
    public void Convert(View view) {
        EditText editText = findViewById(R.id.editTextNumber);
        TextView textView = findViewById(R.id.textView);

        String dollar = editText.getText().toString();

        if(!dollar.equals(""))
        {
            Float euro = Float.valueOf(dollar) * 0.85f;
            textView.setText(euro.toString());
        }
        else
        {
            textView.setText("You didn't type anything!");
        }
    }
}
```
